PLEATED SHADES HONEYFLEX | PLISSEES HONEYFLEX

Honeyflex to rolety plisowane z kilkoma wariantami sterowania, które wybieramy według własnych potrzeb. Do wyboru mamy tradycyjny koralik (HONEYFLEX), sznurek (HONEYFLEX CORD), podwójny koralik (HONEYFLEX TOP AND DOWN) pozwala na zasłonięcie okna w dowolnej pozycji góra - dół i ustawienie plisy na dowolnej wysokości. (HONEYFLEX ELECTRO) czyli sterowanie pilotem oraz (HONEYFLEX SPRING) sterowanie ręczne bez jakichkolwiek zewnętrznych sznurków i koralików które dodatkowo zwiększa bezpieczeństwo dzieci.

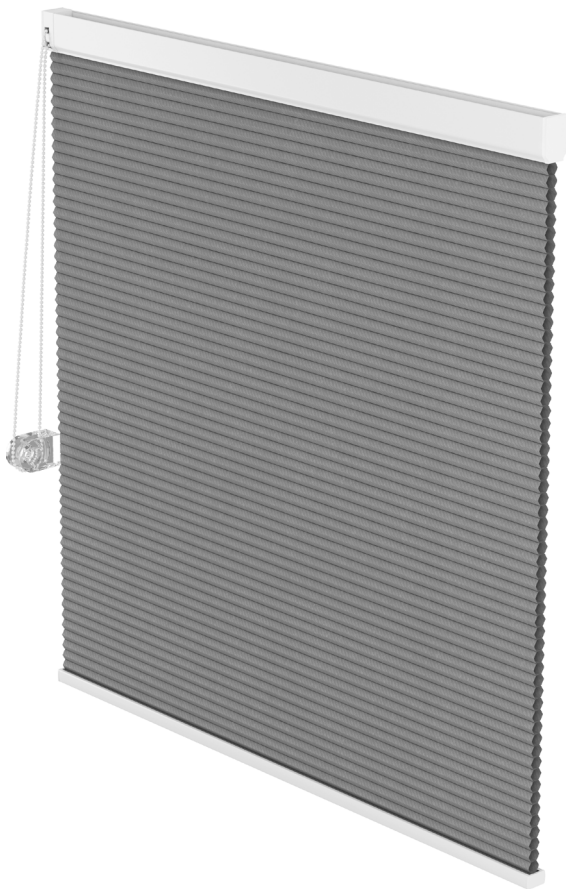

Honeyflex are pleated blinds with several control options that we choose according to our own needs. You can choose a traditional chain (HONEYFLEX), string (HONEYFLEX CORD) or double chain (HONEYFLEX TOP AND DOWN) which allows you to cover the window in any up-down position and adjust pleat at any height. (HONEYFLEX ELECTRO) with remote control and (HONEYFLEX SPRING) manual control without any external strings and chain which further increases the safety of children.

Honeyflex sind plissierte Rollos mit mehreren Steuerungsvarianten, die wir nach unseren eigenen Bedürfnissen auswählen. Sie haben die Wahl zwischen einem traditionellen Kettenzug-Plissee (HONEYFLEX), einem Schnurzug-Plissee (HONEYFLEX CORD) wie auch einem Doppelkettenzug-Plissee (HONEYFLEX TOP AND DOWN), mit dem Sie das Fenster in jeder beliebigen Auf- und Ab-Position abdecken und das Plissee in jeder beliebigen Höhe einstellen können. Außerdem ein elektrisch betriebenes Plissee ( HONEYFLEX ELECTRO), welches mittels einer Fernbedienung gesteuert wird sowie dem Spungplissee (HONEYFLEX SPRING), welches manuell ohne externe Kettenzüge oder Schnüre betrieben wird, was die Eigenschaft der Kindersicherheit zusätzlich erhöht.
